53rd Profit Maker's Bull Sale
TUES., APRIL 23, 2024

12:00 PM MT • Philip Livestock Market, Philip, SD

SELLING 65 ANGUS BULLS

Fellow Cattle People,

The Cottonwood Angus family would like to welcome you to our Annual Bull Sale **Tuesday, April 23rd held at Philip Livestock**. Here at Cottonwood Angus we strive to raise cattle that have a well balanced genetic profile, structural soundness, performance, longevity, and docility. At the present time, it's of more importance to have a feeder calf that will bring a premium. We know that this set of bulls will help you accomplish your goals.

Our sire groups include Moore Super Duty, Crouch Congress, Sitz Resilient and others. The bulls we have to offer will sire calves that will get up quickly, grow fast and most importantly add quality to your calf crop. With the cattle markets being at a record high we know that pounds matter. We believe that our set of bulls will add the extra pounds to your cattle, while still having the correct soundness and structure.

We hope to see everybody on sale day; however we realize that it's not always possible. For those who can not attend in person, you can log onto DVAuction.

The Cottonwood Family would like to say thank you. Without the support and friendships of many, we wouldn't be able to achieve our goals and help you with yours.

The Cottonwood Angus Family Justin Butman Lance Oye

P.S. We look forward to meeting new friends and seeing old acquaintances. Join us for lunch at the PLA Café.

Sale Day Numbers Philip Livestock Auction: 605-859-2577
Justin Butman 507-820-1734

Auctioneer Seth Weishaar • 605-210-1124

Livestock Reps Donnie Leddy; The Cattle Business Weekly, 605-695-0113
Scott Dirk; Tri-State Livestock News, 605-380-6024
Vern Frey; Frey Livestock Sales & Service, 701-721-0344

EPDs The EPDs represented in this book were current at the time the sale book was printed. Weekly EPDs are re-calculated by the American Angus Association, which means the figures represented in this book may change for these animals in the future.

Bull Guarantee All bulls have passed a breeding soundness examination. We realize that certain problems or injuries may arise after you received your bulls. To help ensure your investment, Cottonwood Angus agrees to pay 1/2 the cost of insuring any bull that brings over \$4,000 dollars or more if insured with Martin-Trudeau Insurance. There will be a representative from Martin-Trudeau Insurance available sale day to explain and sign up for this option for the first breeding season. All cattle will be accompanied by health certificates and semen check info. The bulls have all been evaluated by Dr. Erik Holum at Sweetgrass Vets, Dimock, SD.

Health All animals have been on a comprehensive vaccination program. This includes spring & fall shots recommended by our vets. The bulls received their double vaccinations of Bovi-shield Gold + VL5.

in loving memory

Gregg Butman

May 27, 1950 - November 16, 2023

Gregg Hiram Butman was born on May 27, 1950 to Robert and Eloise (Edgecomb) Butman in Pipestone, Minnesota. He graduated from Pipestone High School in 1968. On October 3, 1970, he was united in marriage to Dianne Johanssen at St. Leo Catholic Church in Pipestone. They were married for 53 years. They had two children, Sherri and Justin. Gregg was diagnosed with cancer and fought for 18 years. He entered the care of the Pipestone County Hospice House and on Thursday, November 16, 2023, he passed away peacefully there at the age of 73.

Gregg was a member of Peace United Methodist Church of Pipestone. He enjoyed hunting. He loved having conversations and was always one of the last people at any event he attended. He was famous for throwing the caps off the beverage of choice until it was gone! Gregg was a proud cattleman of Pipestone County his entire life. He was passionate about cattle. At a young age, Gregg showed in many junior cattle shows with heifers and steers and he received many honors in the show ring. One of his greatest accomplishments came at age 15, his judging team won the livestock judging contest in Chicago, Illinois. He was honored Stockman of the Year at Black Hills Stock show in 2014 as a fourth generation in his family to raise cattle. Whenever Gregg received an award it was always in the name of Cottonwood Angus Farms as it was a family run operation and everyone had a part in the success! In 1977, along with Gregg's family, Cottonwood Angus Farms won the Best Six Head of and Champion Bull in Louisville, All- American Show and that was a great accomplishment. For 25 years Gregg worked the ring at the Pipestone County Fair helping youngsters and guiding them in the show ring. He also judged at National Livestock Shows. The majority of Gregg's life was raising cattle and he was a perfectionist most of the time. He always was thinking ahead of the task at hand, his brain never quit. Gregg could be an intimidating person if you didn't know him. He had a way of pushing you to make you better. Gregg was more of a rancher than a farmer as he and machines didn't always get along (notorious for running out of gas, driving the side by sides full speed ahead or just the occasional break downs). He loved his animals and being a caretaker of all. Gregg will be remembered as a big-hearted man, with an infectious smile, and loud boisterous voice that could be heard everywhere. He was one of the most honest guys you will ever meet and he loved to have fun when getting off the farm.

Gregg is lovingly remembered by his wife, Dianne, of Pipestone; children, Sherri (Glenn) Johnson and Justin (Ashley) Butman, both of Pipestone; five grandchildren, Wesly (Kayla), Dawson, and Braeden, Bergan, and Barren. He was preceded in death by his parents Bob and Eloise, brother, Bruce; sister, Phyliss Oye; and brother-in-law, Lyle Oye.

How to Read the Sale Lot Info

Expected Progeny Difference (EPD) is the estimate of how future progeny of each sire are expected to perform in each of the traits listed. EPD is expressed in pounds, either plus or minus. For example, when used on the same cows, calves sired by a bull with a +60 weaning EPD should average 10 pounds more than those sired by a bull with a +50 weaning EPD.

EPDs are current as of catalog printing. Updated EPDs can be viewed at www.angus.org

Calving Ease Direct (CED) EPD is expressed in percentage of unassisted births, predicting the average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers.

Birth (BW) EPD is a predictor of progeny birth weight attributed to the parent.

Weaning (WW) and Yearling (YW) EPDs are predictors of the animal's ability to transmit weaning growth and yearling growth to its progeny.

Scrotal Circumference (SC) EPD, expressed in cm., is a predictor of the difference in transmitting ability for scrotal size compared to that of other sires.

Milk EPD is a predictor of an animal's genetic merit for milk and mothering ability.

Carcass Weight (CW) EPD is expressed in pounds is a predictor of the differences in hot carcass weight of a sire's progeny compared to progeny of other sires.

Marbling (Marb) EPD is expressed as a fraction of the difference in USDA marbling score of a sire's progeny compared to progeny of other sires.

Ribeye Area (RE) EPD, expressed in square inches, is a predictor of the difference in ribeye area of a sire's progeny compared to progeny of other sires.

Targeting the Brand™ logo highlights registered Angus bulls with greater genetic potential to produce calves that meet specifications of the Certified Angus Beef® brand. See page 24

Index values are expressed in dollars per head

Maternal Weaned Calf Value (\$M) predicts profitability differences from conception to weaning. Traits included: calving ease direct, calving ease maternal, weaning weight, milk, heifer pregnancy, docility, mature cow weight, claw set and foot angle.

Weaned Calf Value (\$W) is the expected average difference in future progeny performance for preweaning merit and includes both revenue and cost adjustments associated with differences in birth weight, weaning direct growth, maternal milk and mature cow size.

Feedlot Value (\$F) is the expected average difference in future progeny performance for post-weaning merit compared to progeny of other sires.

Grid Value (\$G) is the expected average difference in future progeny performance for carcass grid merit compared to progeny of other sires.

Beef Value (\$B) is the expected average difference in future progeny performance for post-weaning and carcass value compared to progeny of other sires.

Combined Value (\$C) is an index which includes all traits that make up both \$M and \$B. EPDs directly influencing a combined index: CED, CEM, WW, YW, Milk, HP (Heifer Pregnancy), DOC, MW, Angle (Foot Angle), Claw (Claw Set), DMI (dry matter intake), Marb, CW, RE, Fat.

East River & Minnesota Customers

Bulls purchased by customers local to Pipestone and surrounding areas, will be brought back to the Cottonwood Ranch. We'll make arrangements with you to make sure your bulls are in place in time to go to work!

If you can't make the sale, you can contact:
Justin Butman 507-820-1734
Vern Frey, Sale Management 701-721-0344
or purchase online at DVAuction.com

• Known as a “low risk - high reward” sire whose sons have topped sales across the nation for the past two years, the greatest contribution of Resilient is yet to come as his daughters backed by the power of “America’s Maternal Herd” come into production and after producing the \$500,000 record-setting bull of the 2022 Connealy Angus Spring Bull Sale and another \$165,000 son purchased by Coleman and Conley, the more than 80 sons of Resilient that were headlined by the \$45,000 top-selling bull of the December 2022 SITZ sale recorded an average sale price nearly \$600 more per head than the outstanding overall sale average.

FIRST YEAR BREEDING GUARANTEE

Cottonwood will split the cost of insurance on any bull that brings \$4,000 dollars or more, if insured with Martin-Trudeau Insurance. For bulls selling for \$4,000 or more and does not complete a full breeding season. Breeding season is defined as 90 days after turning out the bull.

Example 1: A \$4,000 bull is injured, a credit of which ever options offered from Martin-Trudeau you choose.

Example 2: A bull that brings under \$4,000 is injured, no credit is given. Buyer retains salvage value. Applicable credits must be reported to Martin-Trudeau right away.

- 7033 has a really good disposition with great structural soundness and moves with herd bull authority. Evolution phenotype is outstanding you just can't find a bull with more attractiveness from front to rear. If you're looking to add a killer look to a set of calves he'll do it.
- What's most important is the balanced set of EPD's he brings along with carcass data and Dollar Values that he has.
- Evolution's dam is a picture perfect female by Baldrige WAYLON. If you're looking to be in the forefront of Angus genetics try some semen of this breed changer.

11	0.4	74	135	33	0.79	52	0.76	0.58	54	71	98	58	155	255

- He's different, he's definitely larger and bigger and to many he's better than the Basin Payweight 1682 sons who have surfaced to date.
- Blending two popular ORiGen sires with 1682 and Visiontopline Royal Stockman, the sire of the \$26,000 Vision Unanimous 141B has worked.
- This 1682 has the gas and horsepower to be carried to heavier weights and stems maternally to GAR EXT 614, the 5th dam whose progeny have broken virtually every individual sales record in Angus breed history.
- He was the \$17,000 record high-selling and top \$Beef bull in the 2016 Carter Angus Bull Sale. You've heard the saying, 'size matters'... to many that's where the 1682 progeny could be a boost up and out... its right here.

- He is a carcass bull, with lots of performance wrapped up in a beautiful package.
- With a good scrotal he collects and freezes extremely well producing high quality semen that has yielded a far above average settling rate, and his sons have semen checked "very good" at 12 to 14 months.
- Maternal family and offspring are slick haired, good footed, easy fleshing, fescue tolerant, and very efficient type cattle.

DVAuction

Broadcasting Real-Time Auctions

View the Auction Live! Bid Online... you're ringside right at your desk!

Buying online is as easy as 1, 2, 3...

1. Create an account at www.DVAuction.com under the "Register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction — a DV representative will notify you once you have been approved.
3. Tune in for the sale to make your purchases!

High Speed internet is required for successful bidding—be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy-bidding — if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

For General Questions Please contact Our Office: 402-316-5460 or support@dvauction.com

ABOVE AVERAGE GOALS REQUIRE TARGETED BULLS

Aim High

The Targeting the Brand™ logo highlights registered Angus bulls with greater genetic potential to produce calves that meet the most challenging specifications of the *Certified Angus Beef*® brand.

Only 1 in 4 non-parent Angus bulls qualify.

Minimum Genetic Requirements

Marbling EPD (Marb)	+0.65
Dollar Grid Carcass Index (\$G)	+55.0

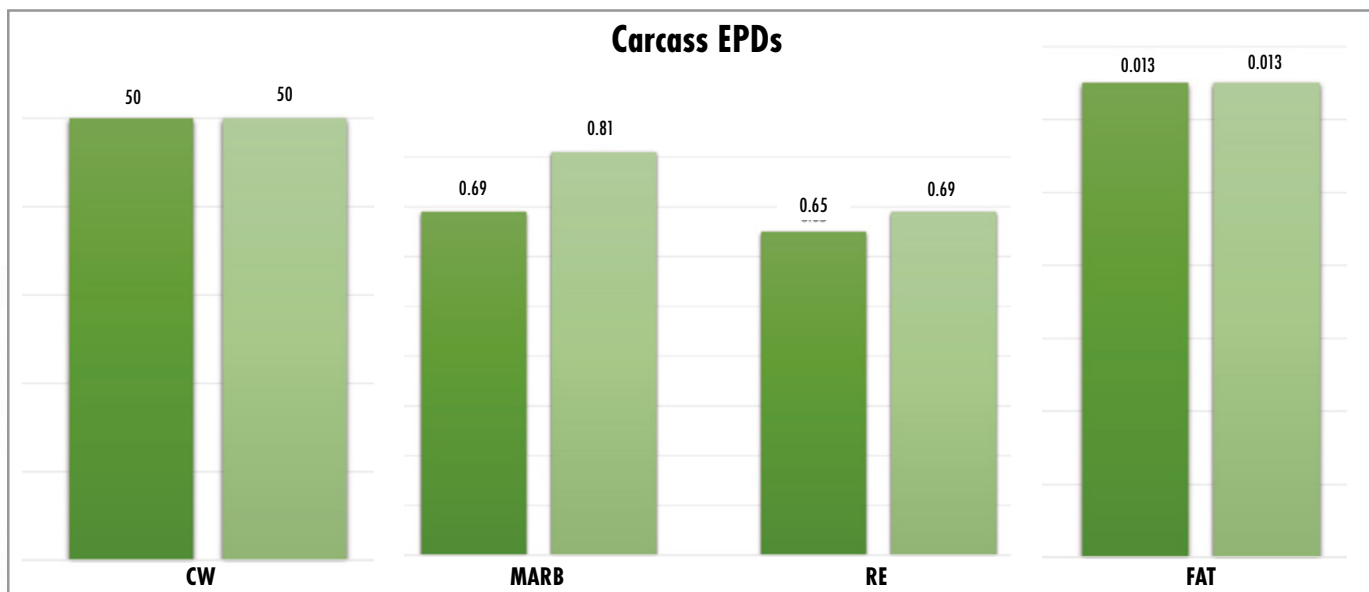

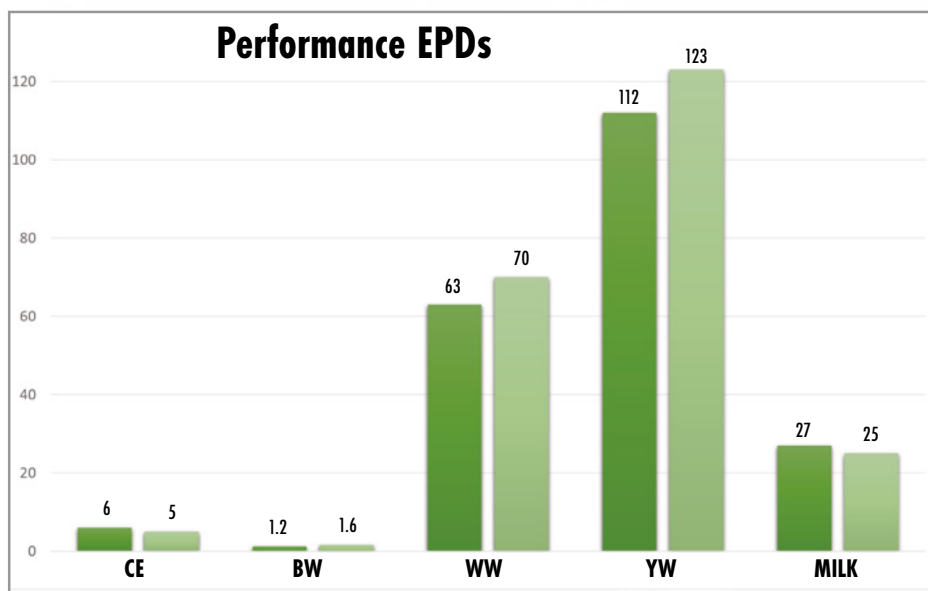

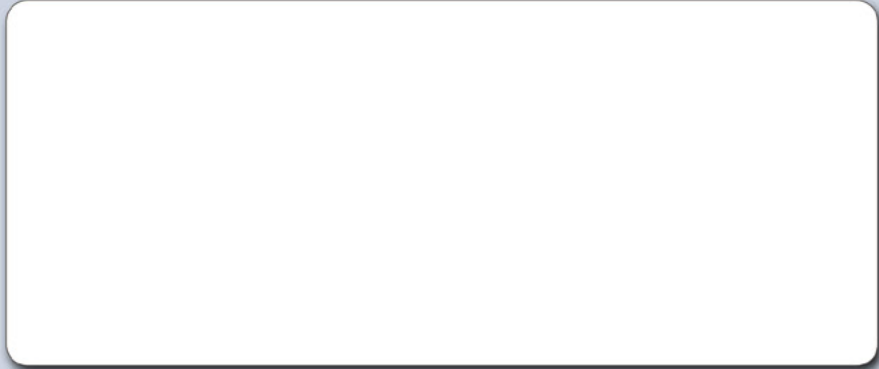

For more information on Targeting the Brand™ visit CABcattle.com.

High quality bulls that will make your calves worth more!

Why not get more value for your bull buying dollar?
